## 1 Main Tools of a Data Scientist

The main tools of data scientists are:

### 1.1 Measurement

- Quantify Data

### 1.2 Statistical Programming Languages

- R
- Python
- Julia

### 1.3 Visualization Tools

- ggplot2 (R)
- matplotlib (Python)
- Plots.jl (Julia)
- Tableau

### 1.4 Big Data Management Software

- Resilient Distributed Datasets (RDDs)

### 1.5 Data Collection Tools

- Web Scraping
- SQL Databases
