

PS4

Anjeela Budha Magar

February 2026

1 List of Data Sources I am interested in Scraping From:

- CNBC - Financial market and business news data
- Reuters - Global economic and political news
- Federal Reserve Economic Data(FRED)
- Amazon - Product pricing and consumer behavior information
- Indeed.com - Labor market posting and employment trend data
- Zillow - Housing prices and real estate market information
- Google LLC trends - Trends over various search interests

2 Question 5: Part D

Check what type of object `mydf` is. What type of object is `mydf$date`?

Answer:

The `mydf` object is a `tbl_df`, `tbl`, and `data.frame` object.

The `mydf$date` object is a Character object.

3 Question 5: Part E - First 6 Rows of the Dataset

date	description	lang	category1	category2	granularity
1	Tiberius, under order o...	en	By place	Roman Empire	year
1	Gaius Caesar and Lucius...	en	By place	Roman Empire	year
1	Gaius Caesar marries Li...	en	By place	Roman Empire	year
1	Quirinius becomes a chi...	en	By place	Roman Empire	year
1	Areius Paianeius become...	en	By place	Roman Empire	year
1	The "Yuanshi" era of ...	en	By place	Asia	year

Table 1: First 6 rows of the dataset

4 Question 6:

Unable to answer Part 7 and Part 8 the question. Received an error message when I tried to use R in Osher that the packages required to complete the question were not supported by the older version of R. Unable to download a newer version of R in Osher.
